## WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Creative Technology.

Our mission is to change our surroundings and improve our world. We work towards our Vision which is based on the strong belief in our long-held values: sincere and ethical culture, commitment to safety and technology and respect for people.

## THE ROLE

We are seeking an experienced **Senior Project Manager - SAP** to lead a high-impact transformation project migrating our legacy SAP ECC system to SAP S/4HANA. This role is critical to the success of our digital transformation journey and will involve end-to-end project leadership, stakeholder engagement, and delivery oversight across business and technical teams.

We value collaboration, inclusion, and flexibility, and we welcome applicants from all backgrounds. If you're enthusiastic about this opportunity but don't meet every requirement, we still encourage you to apply.

- Lead the SAP S/4HANA implementation project, from planning and design through execution, testing, go-live, and post-implementation support.
- Develop and manage detailed project plans, timelines, budgets, and resource allocations.
- Collaborate with cross-functional teams including business process owners, SAP functional and technical consultants, and external implementation partners.
- Ensure alignment of the project with business goals, compliance requirements, and IT strategy.
- Proactively identify and address project risks and issues, ensuring timely resolution and escalation when necessary.
- Champion change management and user adoption strategies to ensure a smooth transition to the new system.
- Provide regular updates to executive leadership and stakeholders on project status, milestones, and KPIs.
- Ensure data migration, system integration, and testing activities are executed effectively and meet quality standards.
- Work closely with the systems integrator to ensure successful delivery of the project in line with agreed scope, timelines, and quality standards.

## WHAT ARE WE LOOKING FOR?

### You and your Skills

- Experience leading large-scale SAP implementation projects, ideally including three full-cycle implementations, with at least one involving S/4HANA.
- Strong understanding of SAP modules such as FI/CO, MM, SD, PP, or others.
- Excellent communication and stakeholder engagement skills
- Project management certification (e.g., PMP, PRINCE2, SAP Certified Project Manager) is advantageous but not required.
- Familiarity with both Agile and Waterfall methodologies.
- Proven ability to manage budgets, timelines, and resources effectively.
- Knowledge of SAP Activate methodology.
- Experience working on multi-year programmes.

### Benefits

- 37½ hours per week.
- 25 days holiday plus bank holidays.
- Hybrid working.
- Holiday Salary Exchange scheme.
- Pension with employer contribution.
- Management Bonus Scheme pays up to 25% of basic salary (not guaranteed).
- Healthcare scheme.
- Company car or cash allowance.
- Free on-site car parking.
- On-site canteen.
- On site fitness activities and events.

We give everyone an equal opportunity to contribute to their full potential and harness the richness of ideas.

If you believe you can take on the challenge, we very much want to hear from you. To apply please click [here](#).
