WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Creative Technology.

Our mission is to change our surroundings and improve our world. We work towards our Vision which is based on the strong belief in our long-held values: sincere and ethical culture, commitment to safety and technology and respect for people.

THE ROLE

A vacancy has arisen for a SAP ABAP Module Leader, The NSG Global SAP team is friendly and supportive, offering an opportunity for personal development and to gain technical expertise whilst working to maintain and improve several SAP systems including multiple S4 Hana systems.

The main responsibilities are:

- Represent the ABAP team in projects, managing workload and helping determine the number of resources required for the project on an ongoing basis, detailing time, resources and risks involved.
- Deliver enhancements and projects, guiding users and functional team members to optimal solutions across multiple SAP systems.
- Provide quality support of SAP ABAP developments to internal customers globally in line with SLA targets.
- Proactively communicate with functional team members and project managers on a regular basis.
- Be a technical resource for the ABAP Team and help pass on knowledge to other team members.

WHAT ARE WE LOOKING FOR?

You and your Skills

- 5+ years of SAP ABAP development experience (support and projects), including a full project life cycle.
- Expertise in ABAP development, including Object-Oriented ABAP, use of BadIs / SAP Enhancements, Adobe Forms, CDS Views etc.
- Proficiency in performance tuning and debugging SAP applications using tools like SQL Trace and Runtime Analysis.
- Experience of ODATA and UI5 development is desirable.
- Practical knowledge of SAP Clean Core development principles is desirable
- A results-oriented and analytical approach and the ability to quickly learn and exploit technology.
- Ability to work collaboratively with a variety of teams.
- Leadership skills to guide the functional teams and business to optimal solutions.
- SAP certification would be desirable.

Benefits

- 25 days holiday plus declared public holidays.
- On site car parking & electric charging ports.
- On site canteen.
- Management Bonus scheme – up to 20% of basic salary, not guaranteed.
- Private healthcare scheme.
- Holiday salary exchange scheme.
- Group Personal Pension Plan a defined contribution scheme with up to 8% employer contribution.
- Cycle to Work Scheme.

We give everyone an equal opportunity to contribute to their full potential and harness the richness of ideas.
If you believe you can take on the challenge, we very much want to hear from you.
