

Supplier Development & Sustainability Graduate

Lathom, Nr Ormskirk, L40 5UF.

Up to £26,500 per annum + benefits

Qualification: 2:1 and above

WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Creative Technology.

Our mission is to change our surroundings and improve our world. We work towards our Vision which is based on the strong belief in our long-held values: sincere and ethical culture, commitment to safety and technology and respect for people.

THE ROLE

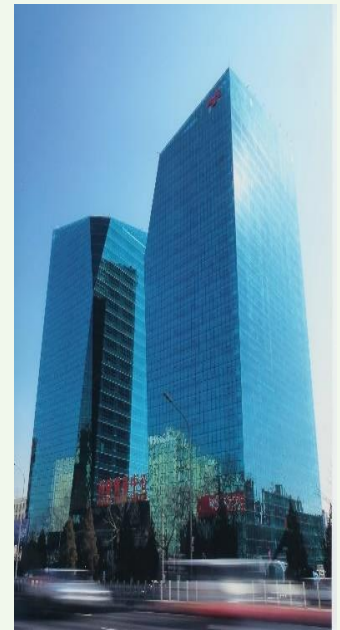

You will have the chance to learn from experts and leaders in a global company. The work will be challenging but we will make sure you have the right training and support to thrive in your role.

With a strong awareness of Environment, Social and Governance (ESG) issues, you will be someone committed to making a difference to the Company and to the planet.

Above all, we are seeking candidates who are passionate about Procurement and in particular about Sustainability in our supply chain and with a desire to develop themselves and their colleagues.

You will collaborate with internal and external stakeholders to support procurement activities across the Indirect, Supplier Development and Sustainability categories. Your responsibilities will include:

- Support reporting using Excel based data models.
- Supporting internal communications related to the category.
- Conducting category analysis for the Global Procurement Team.
- Preparing performance reports for Indirect categories, Supplier Development and Sustainability.
- Support the implementation and tracking of the ESG KPIs including Scope 3 emissions, decarbonization plans and social targets.
- Creating monthly procurement meeting presentations for the Category Management Team.
- Improving spend visibility and supporting spend management initiatives.

WHAT ARE WE LOOKING FOR?

You and your Skills

- Minimum 2:1 degree.
- Proficient in Microsoft Office Suite, with advanced skills in Excel.
- Strong ability to collect, analyse, and interpret large volumes of data.
- Excellent communication skills, both written and verbal.
- Effective time management with the ability to prioritize tasks and manage multiple deadlines.
- Ability to work as part of a team and individually.
- A self-starter who can work under pressure, on their own initiative and able to prioritise workload.

Benefits

- 25 days annual leave.
- Hybrid working after training period.
- Pension with employer contribution.
- Free on-site car parking – some electric vehicle charging points.
- On-site canteen.
- On-site fitness activities and events.

We give everyone an equal opportunity to contribute to their full potential and harness the richness of ideas.

If you believe you can take on the challenge, we very much want to hear from you. To apply click [here](#).
