WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Creative Technology.

Our mission is to change our surroundings and improve our world. We work towards our Vision which is based on the strong belief in our long-held values: sincere and ethical culture, commitment to safety and technology and respect for people.

THE ROLE

A vacancy has arisen for a Patent Attorney within the Intellectual Property team based in the UK. The main purpose of the role will be to provide specialist support and advice across the NSG Group in relation to all aspects of Intellectual Property (IP).

We offer excellent opportunities for the right candidate to develop their knowledge and experience in all areas of the professional's typical activities including:

- Identification and protection of the Group's Intellectual Property.
- Drafting and prosecution of patent and design applications.
- Representation of the Group in legal proceedings before the UKIPO, European Patent Office and UPC.
- Supporting the Group IP and Licensing Manager with IP related agreements in support of research and development activities.
- Instructing Foreign Associates on IP related matters in overseas jurisdictions on behalf of the Group.
- Enforcement of the Group's IP through appropriate legal proceedings including initiation and overseeing legal actions.
- Providing freedom to operate assessments and advice to the Group in connection with the development and launch of new products.
- Training of non-IP specialists to increase company awareness and protection of the Group's IP and providing general IP support for R&D and related projects.
