WHO ARE WE?

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Creative Technology.

Our mission is to be the global leader in innovative high-performance glass and glazing solutions, working safely and ethically.

GLOBAL PROCUREMENT

Procurement within NSG Group operates as a single global function supporting all business lines within the Group. Procurement is responsible for the management of supplier relations to deliver value to the Group in a sustainable way. We measure our contribution in terms of Cost and Cash management, Risk Management and Supply Security, Value Chain Optimisation and Innovation and Growth.

THE ROLE

We are seeking to recruit an undergraduate to provide support to the Procurement and Capital Equipment Categories with Forecasting, Data Standardisation & Analysis, Management Reporting, and Systems.

This placement will provide a strong foundation in the procurement function of NSG Group together with an opportunity to develop a career within Procurement.

The role may also involve some travel to support NSG Plants with procurement projects to achieve cost savings and improve efficiency.

At the end of the programme, it is expected that the student will have good knowledge and application of Warehouse Management System SAP, Tendering system Ariba, Sustainability platform EcoVadis and other Procurement Systems. The student will also be well positioned to start a career as a Business Analyst or as a Procurement professional.

The position will be available from **August 2024** and will last for approximately 12 months.

WHAT ARE WE LOOKING FOR?

You and your skills

- Desire to learn.
- Procedural, methodical, and logical
- Good analytical skills
- IT literacy
- Able to work on own initiative.
- Good communication and interpersonal skills
- Knowledge of a foreign language is desirable.
- Applications are welcome from Undergraduates from any discipline (Business Management discipline would be an added advantage).

Benefits

- 25 days holiday
- 37½ hours per week, Monday – Friday
- On site car parking & canteen
- Pension Scheme
- On site fitness activities and events
- Well-structured training in Systems and Procurement function, alongside site tours
- Hybrid working between home and office

A full UK driving licence and car ownership would be an advantage due to limited public transport to the site.

If you believe you can take on the challenge, we very much want to hear from you. Please visit our [website](#) for further details.
