

NEWS RELEASE

Nippon Sheet Glass Co., Ltd.

13 January 2021

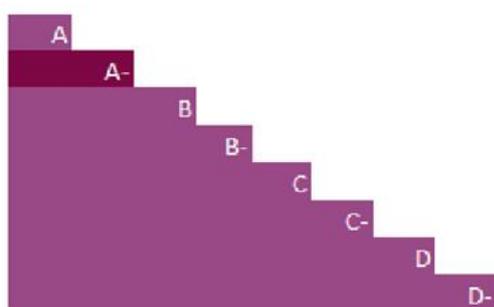

NSG Group's CDP rating improved to Climate Change A-

NSG Group received a Climate Change A- leadership rating from CDP* for the recognition of its climate change actions and information disclosure.

Since 2011, NSG Group has participated in annual CDP Climate Change and Water reporting. This year, the Group's CDP Climate Change 2020 score improved from the previous B management rating to an A- leadership rating. This score improvement recognizes the Group's climate change actions and commitment to transparency. The Group will continue its ongoing efforts to achieve its 2030 Science Based Targets (SBT) to reduce CO₂ emission by 21 percent compared to the 2018 level.

Please refer to the "[Science Based Targets](#)" on the Group's website.

The Water 2020 score improved from B- to B and demonstrates its progression through the management level rating.

Nippon Sheet Glass Company, Ltd received a A- which is in the Leadership band. This is higher than the Asia regional average of D, and higher than the Other materials sector average of C.

Leadership (A/A-): Implementing current best practices
Management (B/B-): Taking coordinated action on climate issues
Awareness (C/C-): Knowledge of impacts on, and of, climate issues
Disclosure (D/D-): Transparent about climate issues

NSG Group is proactively taking measures to meet the demands of all stakeholders in a well-balanced way and strive to make a significant contribution to both society and the environment through its business activities. The group will continue to actively work to reduce CO₂ generated in the glass manufacturing process and aim to mitigate the social impact of climate change and reduce environmental impact by providing glass products that contribute to energy conservation and the utilization of natural energy.

*CDP is a not-for-profit charity that runs the global disclosure system for investors, companies, cities, states and regions to manage their environmental impacts on climate change, water security and deforestation.

NSG Group (Nippon Sheet Glass Co., Ltd. and its group companies) is one of the world's largest manufacturers of glass and glazing products. With around 27,000 employees, NSG Group has principal operations in about 30 countries and sales in over 100 countries. <http://www.nsg.com>
