ACHIEVEMENT AWARD FOR PILKINGTON AUTOMOTIVE

Pilkington Automotive has been recognised by Toyota Motor Europe for the supply performance during Toyota's European Annual Business Meeting 2020, which for the first time was held virtually in 2020. The Company was awarded an Achievement Award in the 'supply' category, also known as a Silver Award.

Masayuki Mitarai, Purchasing Director Toyota Motor Europe, explains: 'This Award is a thank you for achieving delivery targets and smooth introduction of 'Junbiki' (sequencing) for windshields in France'.

Tony Fradgley, Global Head of Automotive at NSG Group comments; 'In everything we do the voice of the customer is paramount. The Award demonstrates our commitment in delivering excellent service, but also greatly values our strong partnership with Toyota Motor Europe. I am very proud to be able to share this success with the team'.

NOTES TO EDITORS

Pilkington Automotive Limited, part of the NSG Group, is a world leader in Automotive glazing, supplying both the Original Equipment and Automotive Glass Replacement markets. With 39 operations in 16 countries across Europe, Japan, North America, South America, China and South East Asia, Pilkington Automotive supplies glazing for more than one in five of the world's light vehicles.
