WHO ARE WE?

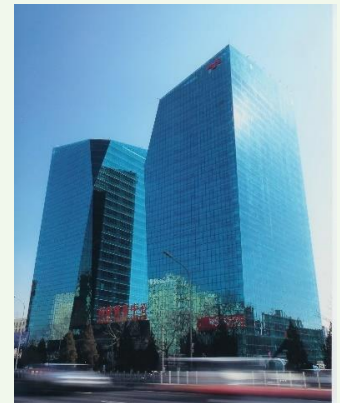

The NSG Group is a global leader in glass manufacturing in three business areas: Architectural, Automotive and Technical Glass.

Our mission is to be the global leader in innovative high-performance glass and glazing solutions, working safely and ethically.

THE ROLE

This fantastic opportunity has arisen within the NSG Group Intellectual Property Department based in the UK to provide searching resource in support of Intellectual Property activities.

Key areas of responsibility will include: prior art, novelty, freedom to operate, opposition and validity searching to assist the Group's IP Attorneys and members of R&D to obtain and preserve NSG Group IP rights, as well as providing general searching support at the various stages of R&D projects by identifying 3rd Party IP and helping to reduce the risk of liability for infringement; maintaining systems to identify and challenge 3rd Party IP which threatens NSG Group business interests; providing landscape searches for new product areas to assist senior stakeholders make decisions concerning investment; being a Custodian of the NSG Technology Knowledge Base which will in turn require an understanding of NSG's technology classification and work areas.
